2020 EDASC Economic Survey

As part of our response to the COVID-19 outbreak, the Economic Development Alliance of Skagit County is surveying business owners and managers to gauge impacts, estimate future issues and proactively find responses.

Thank you for agreeing to participate in this confidential business survey. Please budget 10-15 minutes to complete it. All responses are confidential.

Your response will be summarized with those of others to produce an overall result in percentages or averages. The objectives of the initiative are:

1) *To identify the impact of recent events on local businesses, in order that, where appropriate, local action can be taken to respond to their needs.*
2) *To assess where assistance can be provided.*
3) *To engage the community in a conversation about the needs of businesses during this time.*
