Dr. Christopher Thornberg

Influential Speakers ■■■■■

Along with EDASC CEO John Sternlicht's year in review, attendees will hear from Dr. Christopher Thornberg, founder of Los Angeles-based Beacon Economics LLC. Thornberg's appearance is made possible by ARPA funds awarded by Skagit County and its commissioners.

Under Thornberg's leadership, Beacon Economics has become one of the most respected research organizations in California, serving public and private sector clients across the United States. An expert in economic and revenue forecasting, regional economics, economic policy, and labor and real estate markets, Thornberg became nationally known for forecasting the subprime mortgage market crash that began in 2007.
